

SPORTS

EXCELLENT FOOTBALL SEEN BY ONLY VERY SMALL CROWD

(From Sunday's Advertiser.)

Town Team, 0; High School, 0.

For the first ten minutes it was fast and clever football that was played between the town team and the High School at the league grounds yesterday afternoon. The balance of the play was good, but the team dwindled a trifle in the gauge and the play was slower later on.

But it was good, honest football all the way through and there were enough exciting moments to have enthused a very much larger crowd than turned out to see the first game of American football, in which alumni or town players took part for three years.

A few of the players were very brilliant. All of them played the game for all it was worth and did their utmost. The man who did the most brilliant playing, and this without any lapse at any time, was undoubtedly Sing Hoon, of the High School team. His tackling was great and the way he caught the forward passes and then dodged on ahead with the ball for considerable gains, was more than worth going out to the game to see.

The ball was only once dangerously near either goal line, except when it was punted over or dropped over in attempts at goal kicking from the field. This was in the first half when the town team forced the High players right back to their own goal and were stopped from scoring only by clever defense and a final long punt by Henry Chillingworth, after the school had gained possession.

Townies' Skin Tackle Play.

The Townies made most of their gains with a play between left tackle and end. It was not exactly a skin tackle play nor was it a cross buck. Both Clark and Dave Sherwood were very successful in this during the first half. One or other of them would take the ball and make as though for a skin tackle, then would swerve outside of tackle and get through somehow. One might call it a skin tackle buck.

In the second half, when Plunkett took Clark's place at right half, the same play was tried without quite so much success. Plunkett was there like a shot from a gun but it might be suggested that he would have done better with straighter bucks. When "Irish" did get a start at the line, however, he invariably made big gains.

Crowds on the Line.

The management of the grounds was not by any means something to prate about. The crowd was small and there was all kinds of room on the bleachers and benches, but people were allowed to crowd along the sidelines so that those who were content to stay on the benches could not see anything. This made it necessary for the ladies' escorts to conduct their fair charges to the lines and soon everybody was standing on the edge of the gridiron.

It did not matter so much with a small and orderly crowd but, in the coming interscholastic games when a huge crowd may be expected, the sidelines must be kept clear or else cause a great deal of dissatisfaction among those spectators who stay in their seats.

The Game Starts.

By four o'clock the teams were lined up ready for the kick-off. Benny Clark was referee, Sergeant Corey, umpire; Johnny Marcellino was head linesman and Bob McCriston and Bill Dixon his assistants.

The High School kicked off and Dave Sherwood was downed on the twenty yard line. Kekila captured the ball for the High on a fumble and the signal was given for a forward pass. Henry Chillingworth threw a trifle too far and the school was set back fifteen yards for a fumble.

They punted to clear and Campbell received, only to be downed in a most spectacular tackle by Short, right on the town twenty-yard line. The town failed to make the gain and the school again tried a forward pass, again to be reduced fifteen yards for another mizzle.

Then there was an attempt at an end run by the school which failed and the townies took the ball. With three splendid rushes Clark made the ten yards but the Townies were stopped in the next attempt.

The ball was getting dangerously near the school line so Henry punted and Dredge followed up so well that he secured the ball before the town backs could get to it. Then Achieu made a right end run for a full fifteen yards but was tackled on the

twenty-yard line, also he lost the ball while being dumped.

Andrews' Neat Tackle.

Summer cleared with a long punt and Henry received neatly but was downed by Elisha Andrews before he could get more than a few feet. Another pass was fumbled on the school forty-five-yard line and the leather began to get dangerously down in school territory.

Kekila cleared with a punt but the Townies had the ball on their opponents' thirty-yard line. More skin tackle and cross buck plays by the town team but with only a slight advance. For several minutes the ball remained between the half way line and the school twenty-five line. Then the school cleared famously with a long punt by Henry and they began to invade town territory.

Gradually the school players were forced back, gain by gain, until Bob Chillingworth got away on an end run and was only downed when he had reached his opponents' twenty-yard line.

Trying an Over-Tackle.

Then the Townies let loose a new signal and Dave Sherwood went through with a great over tackle that took his team to the five-yard line. The last down was a few inches short of the goal line but it was not over and was not a full gain, so the school took the ball. Henry fell back behind the posts and cleared with a long punt.

But the school was soon invaded again and the Townies tried for a drop kick at goal. This failed faintly to the relief of the McKinley fans who began to take heart of grace when the school made a successful forward pass after clearing with a punt and stopping the town team from making a gain.

McCandless came in the game at this point, taking Evans' place at left half, and it was he who made the successful pass to Short who managed to get some distance before being downed. High then had the ball on the halfway line and Haole Summer was downed after receiving a punt on his own twenty-five line. Henry made a mark from a town punt but gained little and the half ended with the ball in school territory.

The Second Half.

In the second half Plunkett went in for Clark and Dwight for Campbell. The school fumbled the ball after the kick-off and things looked bad. Henry Chillingworth was hurt and Rosa was sent in to take his place.

Sing Hoon was at left end for the school instead of Ingalls and began to show great form. Dwight got away, but Sing Hoon tackled him on the twenty-five line. The Townies punted but the school failed to gain and Center got away on the first signal. He was tackled on the school thirty-five line.

When the school again took possession Ale Norton got away for five yards, but the next two downs were failures and the town team went at it again. There followed much punting by both sides with the consequent lineups nearly always near the center of the field.

Just before Henry was hurt he sent a peach of a forward pass to Sing Hoon, who was off like a shot from a gun. Four men tried to tackle him but he squirmed by and it looked like a great run to a touchdown, but the clever Chinese player was tackled after the longest run of the day, a full forty-five yards. Summer was the man who did the trick and it was a great tackle.

Just after this, Rosa came in and made a clever end run for fifteen yards, when it was needed. From then to the end of the game there was no advantage on either side and the game ended with a third down called on the town almost in the center of the field.

The Lineups were:

High School—Short, re; Ingalls, re; Saffery, rt; Rickard, rg; Walker, rg; Dredge, e; Austin White, e; Kekila lg; Austin White, lg; Laeha, lt; Ingalls, lt; Sing Hoon, lb; Henry Chillingworth, q; Rosa, q; Achieu, rb; Norton, rb; Evans, lb; McCandless, lb; Center, fb; Kekila, fb.

Town Team—Frank Hoogs, re; Maclean, rt; Bert Lightfoot, rg; Kellett, e; Kamakau, lg; Elisha Andrews, lt; Bob Chillingworth, lb; Campbell, q; Dwight, q; Clark, rb; Plunkett, rb; Summer, lb; Dave Sherwood, fb.

RACING AT EMERYVILLE.

SAN FRANCISCO, October 12.—Percy W. Treat, secretary of the New California Jockey Club, received the following telegram from Thomas H. Williams, the millionaire racing man, yesterday:

"Please announce as follows: The Los Angeles and New California Jockey clubs have pooled issues. It is more than likely that no race meet will be held at the Arcadia track the coming winter. Racing will commence November 20 under the management of the New California Jockey Club at Emeryville track. We guarantee the horse men sixty days' actual racing, and we hope the meeting will last longer. No purse less than \$250 and money will be offered as liberally as conditions may permit."

Saturday, October 30, is the date of the yacht race to Kauai point and back to the clubhouse at Pearl Harbor. Those who wish to make the trip on the Hawaii must not forget to let Commodore Wilder know in good time.

MARINES MAKE THE FEATURES

Boers Get the Whitewash From the Japs — Dragonlets Were Outclassed.

(From Monday's Advertiser.)

OAHU LEAGUE STANDING.

J. A. C.	P.	W.	Pct.
Boers	2	2	1.000
Marines	2	1	.500
C. A. C.	2	0	.000

YESTERDAY'S RESULTS.

Japs, 7; Boers, 0.
Marines, 12; C. A. C., 3.

There were two not very exciting games at the Athletic Park yesterday afternoon. The feature of the afternoon was the excellent playing by the Marines. They played together in great shape and handed a large bunch to the Dragonlets.

There was not nearly such a large crowd as usual and the teams seem to be losing that keen vim which was such a feature of the first series. But this is doubtless a mere temporary lapse and next Sunday they will probably be out with their old form again.

So far as the grandstand was concerned, the same old enthusiastic faces were there. These same faces were not so wide a smile as usual on account of the lackadaisical playing by some of the teams. The Boers must come under the latter head.

There was quite a difference noticed between the second games of the second series and the second games of the first series. It may be that baseball is being overdone, but there was certainly not the usual get up and get about the games that the fans have become used to at Athletic Park. Perhaps they started off with too high a standard to keep up to.

The First Game.

The Japs played a very steady game and seemed to do what they wanted with the Boers. Shepard pitched first for the Boers and was hit all over the lot. Then Kealoha took his place and did better. He fanned five men and stood for only two bingles.

The Japs scored in the first, second, third and fourth innings, one, three, two and one. After that they were held down to nothing, chiefly by the excellent pitching of Kealoha.

The official score was as follows:

KALIHIA A. C.	AB	R	B	H	S	B	O	A	E
Jonah, ss	4	0	1	0	0	4	1		
McCall, 2b-3b	4	0	1	0	1	0	0		
Shepard, 2b	3	0	0	0	1	2	0

Dreier, lb	3	1	0	0	10	0	1		
Flores, p	3	2	1	0	1	2	0		
Totals	31	7	8	2	27	11	2		

Kalilis: Runs, .0000000000—0
B. H., 1020000001—4
J. A. C.: Runs, 13210000—7
B. H., 12310010—8

Two-base hits, Ross, Brito, Young; sacrifice hits, Ross 2, Akama, Shepard; left on bases, J. A. C., 4; Kalilis 5; first base on errors, J. A. C., 5; double plays, Akama to Franco to Dreier, Flizer to McCall; hit by pitcher, Moses; struck out, by Flores 9, Shepard 1, Kealoha 5; bases on called balls, off Flores 2; wild pitch, Shepard; passed ball, Moses; innings pitched, by Shepard 6, Kealoha 2; charge defeat to Shepard; umpire, McHenry; scorer, N. Jackson; time of game, 1 hour 15 minutes.

The Second Game.

The feature of this game was the tremendous swatting by Gibson, Peyton and Davis. All these three men, as well as nearly all the other players, had springs in their bats and swatted Apau and Asam all over the place.

There was some smart fielding done by the Marines too. Peyton made a great catch in the second, by which he shut off a run. Hayes made a great running catch and Williams took hold of a punt that was a pipkin. He ran towards the catcher and caught the ball before it touched the ground.

The Half-wits scored off, yes, almost when they wanted to. The Dragonlets' runs were made on bingles and untimely errors. The game was not very exciting but was interesting on account of the excellent team work put up by the Marines.

The official score was:

C. A. C.	AB	R	B	H	S	B	O	A	E

BOXERS SIGN UP ARTICLES

At a prolonged and rather solemn meeting held last night, Charlie Reilly and Dick Cullen signed articles to meet in a fifteen-round bout on the night of Saturday, October 30, for the lightweight championship of the Hawaiian Islands.

The referee is to be hereinafter named as is also the place of meeting. The rules will be of the clean break variety and the weight is to be 133 pounds.

All the small points that come up at such a meeting were amicably settled, although each one was weighed with ponderous deliberation by each of the two boxers.

Reilly stated that he would train at Camp Very and Cullen will work at the Orpheum every afternoon, by courtesy of Joe Cohen. Kid Terry will be the chief sparring partner for Cullen and other lads will be taken on from time to time.

Reilly will box principally with the lighter marines at the camp. Bugler Saroni and other clever men of his weight will assist the local favorite in getting into shape. Both men state that they feel fine and can get in the best condition at the weight by a week from Saturday.

The meeting showed that both men are out to do their very best and are not taking any chances of the other man getting any the better of it. It was satisfactory in every way and prospects are bright for a brilliant scrap when the two get together.

CULLEN MAKES GOOD SHOWING

Dick Cullen, the new arrival in the lightweight class, who is matched to box Charlie Reilly a week from Saturday, tried out with Kid Terry for four rounds at the Orpheum yesterday afternoon. There was a large crowd of sports present to watch the doings, and they all expressed great approval of the little man's methods.

Terry is one of the fastest and cleverest of the local lads in the lightweight division, and acted as a good foil for the visitor. Each one of the four rounds was fast, and though Cullen's wind was naturally not in extra good shape, he showed wonderful speed and cleverness.

A match between Cullen and Reilly should certainly be productive of great sport. The new arrival has a very pretty left, not unlike that of Reilly, and also seems to have a very sweet wallop tucked away in his right extensors.

He also has a shift that is not unworthy of notice. He gets the position of his feet changed in mighty quick time; and one can not see how he manages to be standing with his left foot forward and then with his right forward, apparently without making a movement. The quickness of the foot deceives the eye.

After the exhibition Cullen stated that he felt quite able to get in perfect condition before the date of the meeting. He will start training regularly today, with morning roadwork and boxing in the afternoon. His message is not yet selected, but he will not be difficult in obtaining sparring partners, and will doubtless have that clever Terry with him.

JAPANESE BANK HAD TOO LIMITED ASSETS

(By Associated Press.)

SAN FRANCISCO, October 18.—The Japanese-American bank of this city with branches in Los Angeles and Ogden was closed today by the state superintendent of banking.

This bank, which deals almost exclusively with the Japanese, had a capital of \$200,000 and has apparently been doing a thriving business. The bank examiner found the assets to be only about fifteen per cent. of the liabilities.

MURDERER OF WOMAN MUST HANG FOR IT

Governor Frear yesterday signed the death warrant for the execution of Higaishi, who was convicted of murdering a woman on Kauai. Higaishi will be hanged on October 25.

PROPOSED BILL IS GIVEN OUT

(Continued From Page One.)

To raise legislators' pay;
To remove doubt of validity of non-biennial appropriations;
To give more latitude in redeeming bonds;
To discontinue high sheriff's office by legislature if desirable;
To disqualify judges in certain cases under certain circumstances;
To regulate intertransfer of territorial and federal land;
To raise salaries of federal officers;
To ratify circuit court naturalizations previous to 1906, and
To amend the existing land laws as follows:

Prevent repeating in homesteading; Allowing only one homestead right to husband and wife;
Preventing aliens homesteading;
Preventing transference of homestead;

Providing forfeiture on failure to comply with laws;
Providing disposition of homesteads by drawing;

Providing preferences to improvers of public lands;
Providing church sites from public lands;

Limiting sales or exchanges by Territory, and
Putting all public lands under one department.

Amendments Announced.

The conferences held daily in the office of Governor Frear, with the amendment of the Organic Act as their aim and purpose, have practically finished their task and the bill to amend that act is now in type and ready for criticism before being presented to congress to be passed upon by the lawmakers of the Nation. Both the bill and the explanations drawn up by the conference in regard to it are printed on page nine of this issue of The Advertiser.

Nine years of government have shown the officials entrusted with the management of the affairs of the Territory and the citizens for whose benefit the Organic Act was drawn up the weak points in the act and the chances for improvements. And, although the Organic Act was drawn up when the needs and future of Hawaii were unknown to its drafters, comparatively few sections have been found wanting by the conference that suggests the amendments.

Prominent in the bill is an amendment giving the present land laws thorough and radical revision, a revision which will place the present unsatisfactory laws on a sane and practical footing.

The principal clause in the land law revisions regulates an evil too prominent in the present homestead laws and does away with the right of a homesteader to repeat. Providing the bill passes congress, each homesteader will be allowed to take up but one homestead, and this only providing that the wife or husband does not already own or occupy a homestead and owns less than eighty acres of land in the Territory.

This will wipe out one method by which the plantations have acquired so much land, as there will be no more wholesale homesteading for the sake of acquiring title to sell the land to the corporations.

The amendments do not forbid the acquiring of more land by private purchase after the homestead has been taken up, and another clause allows those who have, or whose predecessors in interest have, improved public land and resided on it for ten years or more, to buy a reasonable amount of adjoining land from the government at a price to be decided upon by a commission of three disinterested persons appointed by the Governor at first and ultimately by the legislature.

The Territory will also be prohibited from selling or exchanging more than forty acres of land or lots of grazing land of more than \$5000 in value for other than homestead purposes unless the approval of two-thirds of a board as provided for in the amendments is obtained. Other clauses regulate the drawing up of land patents for churches and other religious organizations.

Under the amendments regulating territorial indebtedness, the Territory will not be permitted to incur in one year more than one per centum of the assessed value of property in the Territory. The Territory may hereafter, still providing that the bill meets with the approval of congress, build the roads, wharves, penal and charitable institutions, etc., with loans authorized by the territorial legislature.

The amendment regulating the distinctions between territorial lands and lands held by the federal government provides for a less complex method of transferring them from one to the other than at present.

Other clauses regulate less important territorial matters, and incidentally increase the salaries of many officials and members of the judiciary. The Governor's salary is fixed at \$10,000 per annum, and \$2000 is allowed for his private secretary. Other United States officials also will receive substantial increases.

The conference that finally decided on the amending bill as at present drafted was the sixth meeting between Governor Frear and the representatives of various official, commercial and industrial interests. The Governor stated last night that the bill is the result of these conferences. "So far," which probably implies that there is a possibility of further amendments to other sections of the Organic Act or to the present suggested amendments.

That the special session of the legislature, to be called for the purpose of considering the amendments, is still an open matter was also stated, and the approval of this bill yesterday by the conference does not, evidently, write the bill to the action.

PRINCE KUNI GETS WARM WELCOME

(Continued From Page One.)

perch. The prince took a station a few feet back from the steps. The procession filed into the grounds and massed in front of the consulate. A shout went up followed by three long huzzas, the lanterns being thrust high to give vehemence to the cry. The review did not last long and the lantern-bearers again filed out to Nuananu avenue and walked to the Young Hotel where the prince afterward arrived with his suite and another demonstration took place there, the prince reviewing his people from one of the reception hall windows.

Crowded the Wharf.

When the Tenyo Maru arrived at the Hackfield dock yesterday forenoon, the wharf was crowded with Japanese, Consul-General Uyeno and
